OBJECTIVE

Biomedical and Mechanical Engineer seeking mechanical design and product development roles, with hands-on experience in CAD modeling, prototyping, testing, manufacturing, and iterative mechanical design.

EDUCATION

Worcester Polytechnic Institute (WPI), Worcester, MA

B.S. Biomedical & Mechanical Engineering, GPA: 3.96

May 2026

SKILLS

SolidWorks • Inventor • CAD Modeling • Prototyping • 3D Printing • Mechanical Testing • Mastercam • MATLAB

EXPERIENCE

Mechanical Engineer, mk North America Inc., Bloomfield, CT

July 2025-Aug 2025

- Designed CAD models in Inventor to improve manufacturability, assembly, and design performance
- Evaluated mechanical designs through testing and engineering analysis to improve reliability
- Developed standardized CAD designs and templates, reducing engineering cycle time by ~30%

Conveyor Technician, mk North America Inc., Bloomfield, CT

June 2019-Jan 2025

- Built, wired, tested, and troubleshoot custom conveyor systems, integrating mechanical, electrical, and pneumatic components for automated equipment

PROJECTS

Wearable Exoskeleton Hand Prototype

July 2025 - Present

- Designed wearable exoskeleton mechanisms in SolidWorks through iterative prototyping and testing
- Evaluated material selection and design tradeoffs to improve hardware durability and functionality

Major Qualifying Project (MQP), WPI, Worcester, MA

Aug 2025 - May 2026

- Developed an IMU-based wearable sensing system to evaluate ankle biomechanics and joint loading
- Processed MATLAB data to verify system performance and support design evaluation

Drop-Foot Assist Device (BME Design Project) – WPI

Aug-Oct 2024

- Designed, prototyped, and tested a wearable orthopedic assistive device achieving 15° dorsiflexion support
- Refined the design through prototype testing and iterative design improvements

Interactive Qualifying Project (IQP), Venice, Italy

May 2025 - Jun 2025

- Analyzed accessibility data for 450+ Venetian bridges, identifying 87 requiring modifications
- Proposed accessibility-focused bridge and ramp modifications for high-priority pedestrian routes

LEADERSHIP & INVOLVEMENT

Residential Advisor, WPI

Jan 2024 - May 2026

Secretary, Pickleball Club, WPI

Jan 2024 - Mar 2026

Nation Communications Coordinator (NCC), Residence Hall Association, WPI

May 2023 - Dec 2024

Run Leader, Running Club, WPI

Jan 2025 - May 2026
